Legacy™ Line

AIR CONDITIONERS

featuring

Qualifying
Systems Only

Models 135SAN, 134SAN

Benefits of a **LEGACY LINE AIR CONDITIONER**

Environmentally sound

Reliable compressor is designed for use with Puron Advance™ refrigerant to provide quiet comfort and years of environmentally responsible, energy-efficient operation. Puron Advance delivers a 75% decrease in global warming potential while maintaining original Puron's non-ozone depleting properties.

Better-than-average efficiency

Select systems produce up to a 16.5 SEER2 (Seasonal Energy Efficiency Ratio) providing reliable, money-saving cooling.

Smart thermostat capable

Enjoy energy savings, remote access capability with the Bryant Smart Thermostat or an ecobee for Bryant Smart Thermostat.¹

Reliable performance

Designed to minimize rust and corrosion. Microtube refrigeration system also maximizes efficient air conditioner operation.

Built to last

Bryant DuraGuard™ protection package provides lasting durability against weather and more.

ENERGY STAR® qualified

You can save energy, reduce greenhouse gasses and qualify for utility rebates where available.

Low or no-interest financing

The enhanced comfort and energy savings of our Legacy Line air conditioners are easier to afford than ever.²

Rest easy with a long warranty

Legacy Line air conditioners offer a 10-year parts limited warranty upon timely registration.³

Solid comfort for **WHATEVER** summer brings.

featured
TECHNOLOGIES

Complete Legacy Line air conditioners feature these exclusive advancements.

"Smart" Technology

A Bryant Smart Thermostat with its programmable scheduling, via the Bryant Home app, can maximize your comfort and energy savings.¹

DuraGuard™ Protection

The Bryant DuraGuard protection package provides lasting durability against weather and more with galvanized steel cabinets and baked-on powder paint.

Gain more control with a complete
LEGACY SYSTEM

Ask your Bryant dealer about how you can maximize your home comfort system with additional Bryant products.

SMART THERMOSTAT

Wi-Fi®-enabled smart thermostat that offers convenient and connected comfort control.

GAS FURNACE

Properly matched with your outdoor unit to convert heating and cooling energy into greater indoor comfort.

FAN COIL

Works with your outdoor unit to convert heating and cooling energy and deliver more comfortable air to your home.

EVAPORATOR COIL

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

AIR PURIFIER

Our Patented Captures and Kills® technology treats 100% of the air flowing through your system.⁴

HUMIDIFIER

Alleviates dry air by adding moisture.

VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

¹ When connected to the Internet through a Wi-Fi® network.

² For qualified buyers. See dealer for details.

³ The limited warranty period is five years on parts if not registered within 90 days. Jurisdictions where warranty benefits are not conditioned on registration will automatically receive a 10-year parts limited warranty. See warranty certificate at Bryant.com for complete details and restrictions.

⁴ The Evolution™ air purifier has demonstrated effectiveness against the murine coronavirus, based on third-party testing (2020) showing a >99% inactivation, which is a virus similar to the human novel coronavirus (SARS-CoV-2) that causes COVID-19. Therefore, the Evolution air purifier can be expected to be effective against SARS-CoV-2 when used in accordance with its directions for use. Third-party testing (2012, 2007) also shows ≥99% inactivation for the type of virus that causes common colds, Streptococcus pyogenes and human influenza. Airborne particles must flow through your HVAC system and be trapped by the MERV 15 Evolution filter to be inactivated at 99%. Learn how it works at Bryant.com/purifier.

BRYANT COOLING SOLUTIONS

There is a Bryant product for almost any heating and cooling need or budget.

Only your Bryant dealer can help you decide which is right for you.

	BEST EVOLUTION™ SYSTEM	BETTER PREFERRED™ SERIES	GOOD LEGACY™ LINE
Energy Management	Extreme Variable-Speed Operation Our highest efficiency model makes subtle adjustments as conditions change to deliver comfort with much higher precision than standard or two-stage models.	Two-Stage Operation Automatically chooses between low and high setting to maintain more consistent temperature. Single-Stage Operation Switches on each time the temperature rises above the thermostat set point.	Single-Stage Operation Switches on each time the temperature rises above the thermostat set point.
Durability	DuraGuard™ Plus Protection Features galvanized steel cabinets, baked-on powder paint and louvered coil guards.	DuraGuard Plus Protection Features galvanized steel cabinets, baked-on powder paint and louvered coil guards.	DuraGuard Protection Features galvanized steel cabinets and baked-on powder paint.
Humidity Management	Perfect Humidity™ Technology This feature leverages multi-stage systems to maximize humidity removal without over-cooling.	Enhanced Humidity Management Provides enhanced humidity removal during cooling operation.	Basic Humidity Management Provides basic humidity removal during cooling operation.
Comfort Management	Evolution™ Connex™ Control Our most advanced Wi-Fi®-enabled control, it can maximize efficiency by communicating with components of a complete Evolution™ system. Extreme Variable-Speed Operation Enjoy consistent temperature, reduced hot/cold spots, and enhanced humidity management.	ecobee for Bryant Smart Thermostats Wi-Fi-enabled smart thermostat learns your schedule for greater efficiency and comfort. Two-Stage Operation Reduced up-and-down temperature swings compared to single-stage systems.	Bryant Smart Thermostat Wi-Fi-enabled smart thermostat that offers convenient and connected comfort control. Single-Stage Operation Solid, reliable performance that delivers comfort when you need it.
Sound Management	Extreme Variable-Speed Operation Provides ultra-quiet operation as low as 55 dBA. AeroQuiet™ System II Reduces sound through a combination of components that optimizes airflow and minimizes vibration.	Single- and Two-Stage Operation Delivers sound levels as low as 67 dBA during low-stage operation.	Single-Stage Operation Smooth-running scroll compressor helps deliver quiet comfort as low as 71 dBA.
Diagnostic Technology	Evolution fully-communicating system Bluetooth® connectivity built-in	InteliSense™-connected system
